

Currency Authenticator

The original counterfeit money detector system

The Cashscan Model 1800 is the original and most popular counterfeit detection device in the world with over 200,000 units sold.

Ease of use

Genuine notes are identified by a green light while suspect notes are identified with a red light and audible tone.

State of the Art Detection Technology

Using state-of-the-art technology, the Cashscan Model 1800 verifies the magnetic properties of the ink on the face of all U.S. Dollars in order to verify the authenticity of a note.

Benefits

The Cashscan Model 1800 is compact, lightweight, and portable. The unit can be powered by the 110/220 switchable power supply (included) or on six "AA" batteries. The Cashscan Model 1800 comes with a 1 year parts and labor warranty.

Upgrades

The Cashscan Model 1800 is upgradeable for future releases of U.S. Currency released by the Federal Reserve Bank.

Key features

- Easy to operate
- Compact, lightweight and durable
- Powered by 110/220V AC adaptor (included)
