

# High Speed Currency Counters

Engineered for Performance and Reliability

The S-1100 Series High Speed Currency Counters offer small and mid-size businesses accuracy, speed and durability in a compact, functional design at affordable prices.

## Ease of use

The S-1100 Series High Speed Currency Counters are intended for use in mid-volume applications. Designed for operator convenience, the intuitive control panel features a 10 digit keypad for batching along with buttons for commonly used features.

## High Speed

These counters operate at a counting speed of 1,000 banknotes per minute. Counting tasks that would have taken hours are now reduced to just minutes.

## Precision, Accuracy & Reliable Counting

Our Currency Counters are engineered with fully automated, advanced screening capabilities to thoroughly detect errors including double notes, chain notes, half notes, etc. Our counters ensure the most accurate total counts and are designed to offer years of trouble-free operation.

## Advanced Counterfeit Detection

Select models offer an advanced counterfeit detection system designed to pinpoint suspect counterfeit banknotes featuring ultraviolet (UV) detection for banknote paper properties and (optionally) dual magnetic (MG) detection for banknote ink properties.

## Dual Displays

The S-1100 Series incorporates dual viewing displays making it easy for both the operator and the customer or manager to simultaneously view the counting process and results.

# S-1100 series

**Feed System:**  
Friction Roller System

**Hopper Capacity:**  
100 - 200 Notes

**Stacker Capacity:**  
100 - 200 Notes

**Note Size:**  
From 100 x 50 to 175 x 100 mm

**Power Source:**  
110V/60Hz or 220V/50Hz

**Dimensions:**  
9.5"W x 12.5"D x 8.5"H

**Weight:**  
14 - 15 lbs.
